(Not pictured)

*Darren Leon- Saint Lucia
Devon Warner – Antigua & Barbuda
Aldwyn Ferguson – Grenada*

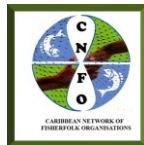

*Committee Chair V.Nicholls
Committee Secretary N. Nembhard
Coordinator M. Lay*

Discussion Points from members

- Is it possible to spend monies in other ways?
- Some member countries are interested in a slipway.
- Is the country proposal available for fishers to be informed of activities?
- Why are four country proposals not singed?
- Why wasn't the Fisherfolk Organisations given the opportunity to manage the project?
- What role will the CNFO play in the country projects?

OTHER PROJECT ACTIVITIES YEAR 1 (to be accomplished)

- Review completed of the Technical review report on the application of Vulnerable Capacity Assessment in fisheries communities in the Eastern Caribbean (submitted by CANARI)
- Two Brochures on CNFO and Climate change adaptation of the fisheries sector in the Caribbean.
- Review completed of the draft VCA toolkit document for local level VCAs in the fisheries sector of the Eastern Caribbean
- Develop 1 Poster on CNFO and Climate Change Adaptation of the fisheries sector in the Caribbean.
- Participation of one CNFO member coordinated in the regional workshop coordinated to finalise the VCA documents
- a video communication expert to develop three videos on climate change impacts and adaptation on fisheries sector in St Vincent and the Grenadines.
- Purchase camera and projector.
